Leave Taken and Earned Codes:

- A. Hours of Leave Taken in the previous month** (i.e. sick, vacation, bonus leave, compensatory time, etc.) are displayed and a dollar value is calculated for leave taken. If you add all of the figures in the “Current” column of the pay section, it will reflect your normal total pay (i.e. “Current Gross”).
- B. Compensatory Time Earned in the previous month** will show in the “Pay Type” section of the direct deposit notice indicating the hours earned. However, because this is not time paid, but rather is time earned to take later, there is no dollar value associated with this figure.

Please see the back of the page for the **Pay Type** and **Deduction Descriptions**.
